

## MEETING & PROJECT PURPOSE

### **Meeting Purpose:**

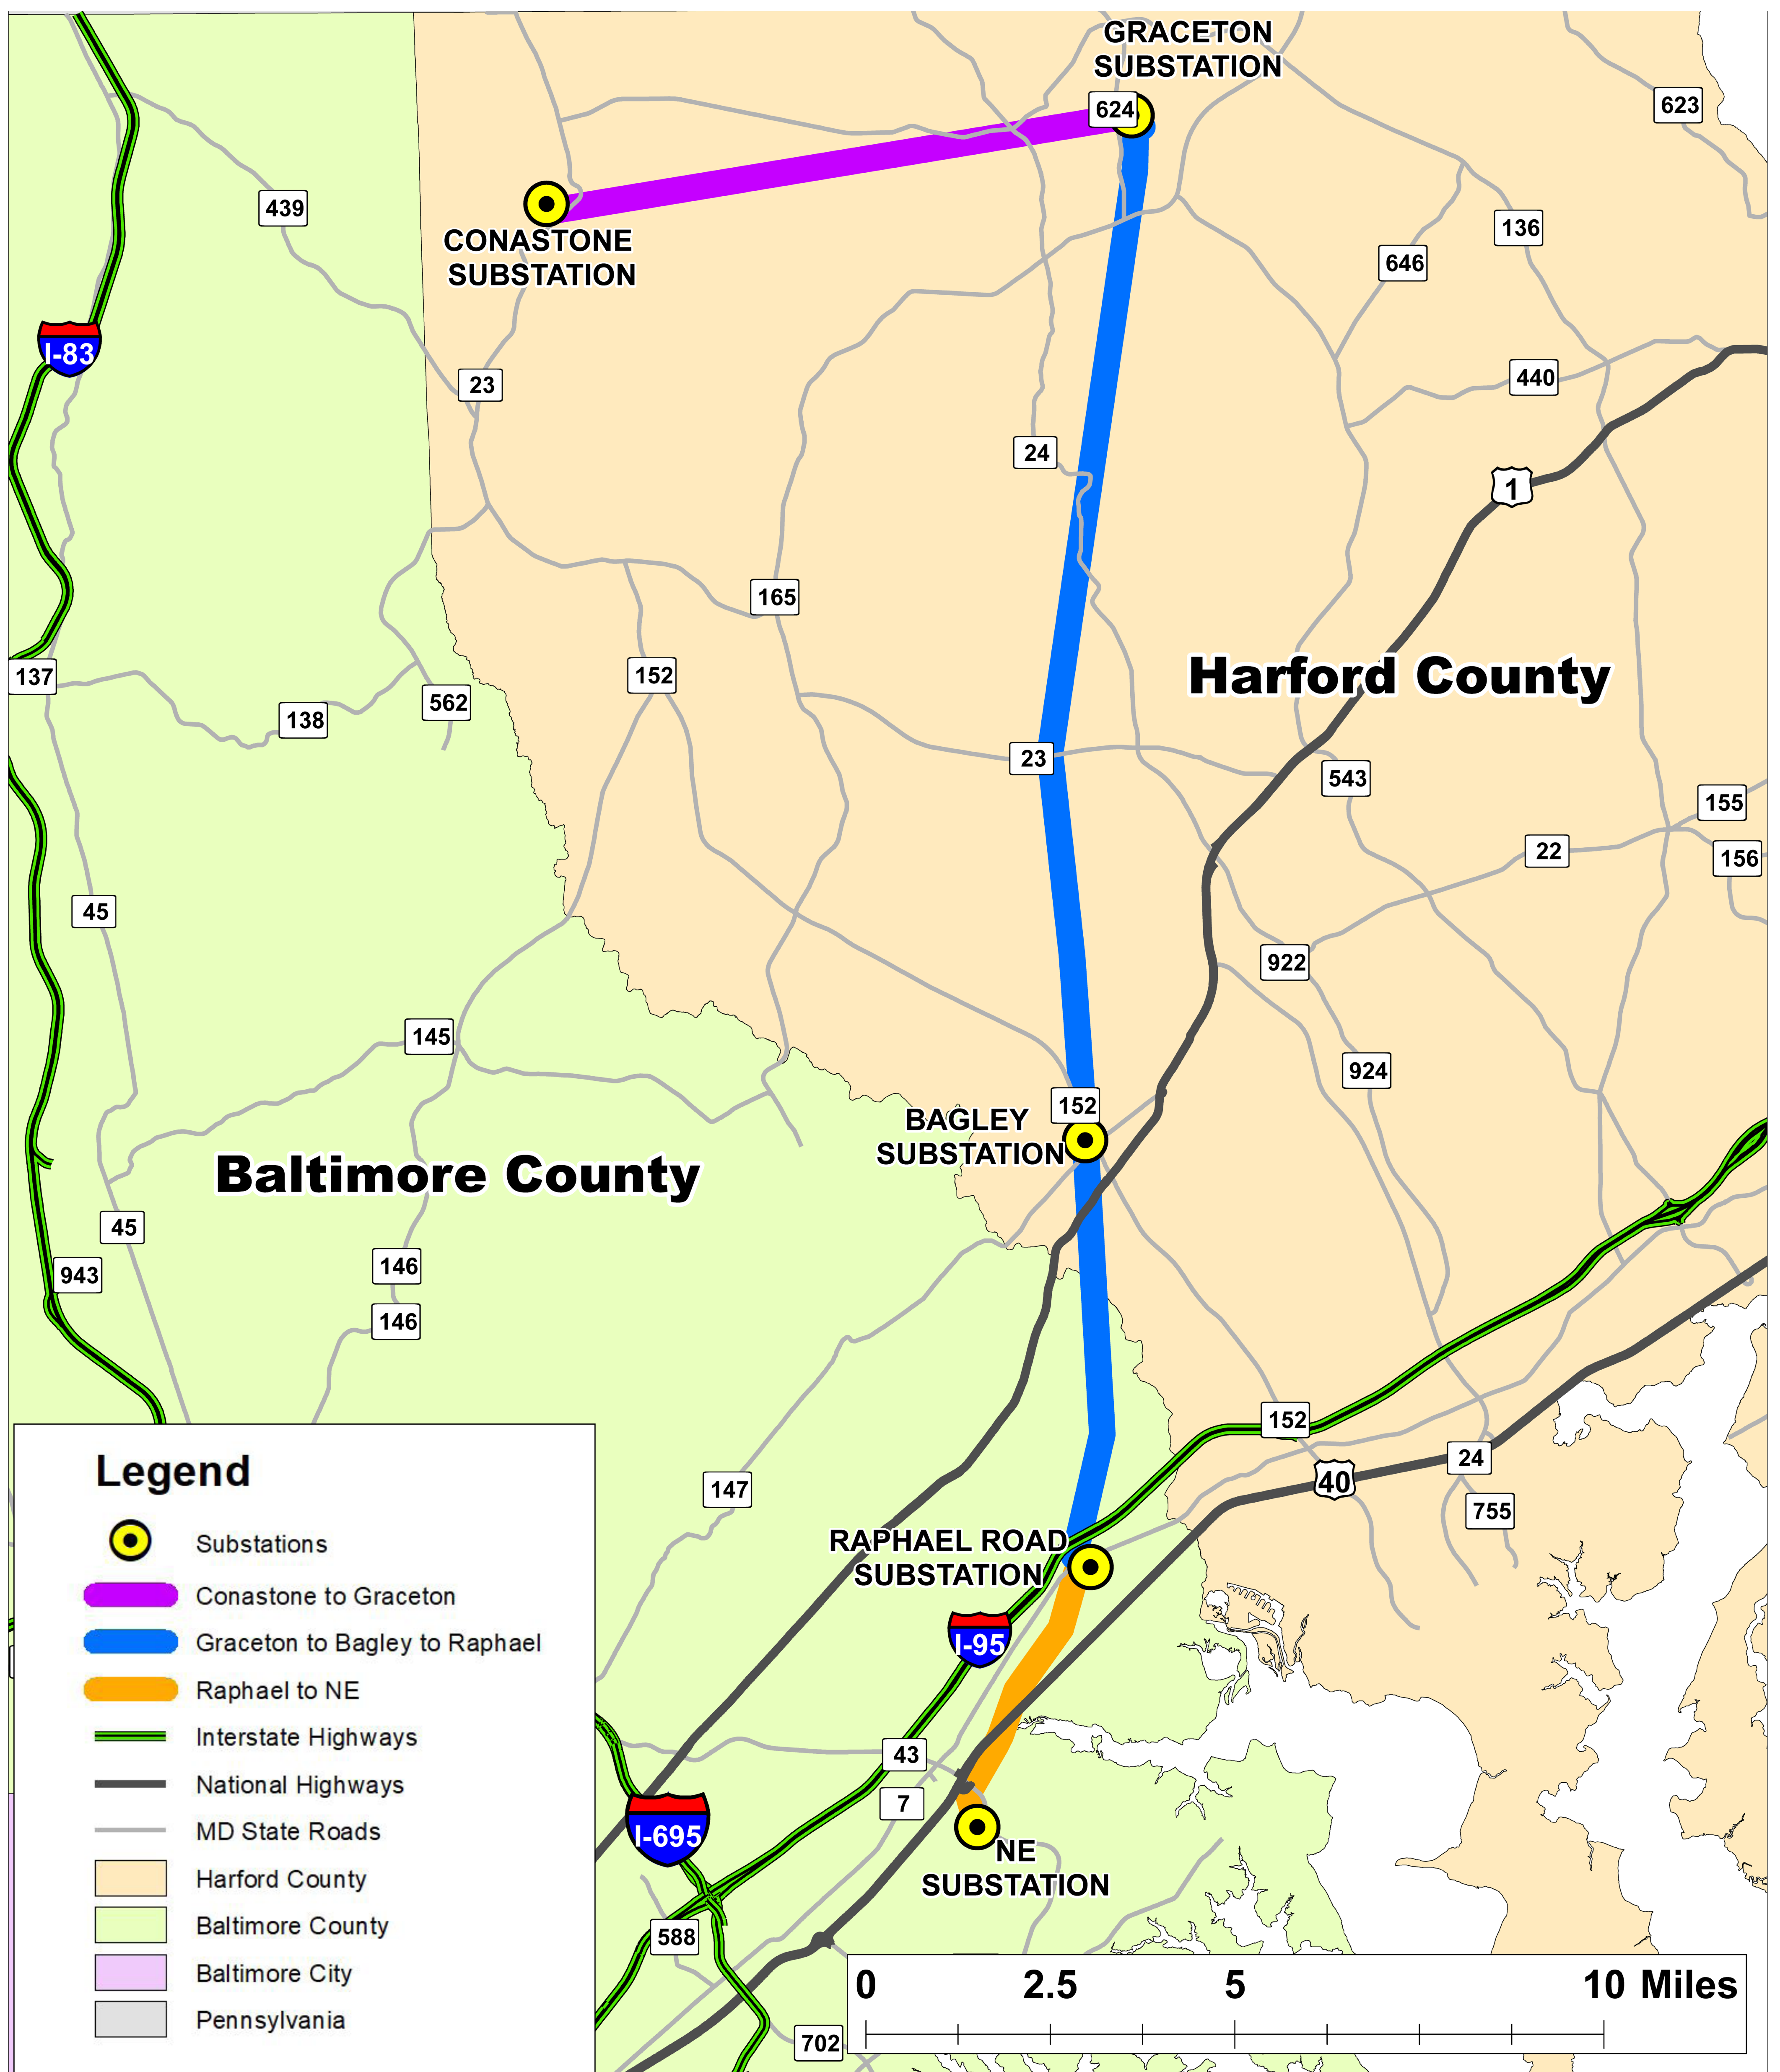

To share information about the ongoing projects to upgrade the electric grid in the northeast quadrant of BGE's service territory.

### **Project Purpose:**

- To provide safe and reliable delivery of energy to BGE Customers.
- To improve market efficiency, transmission reliability and reduce congestion on the system within the Pennsylvania, Jersey, Maryland (PJM) Power Pool
- To reduce the potential for market congestion and decrease impacts to the BGE transmission zone identified in the Market Efficiency Analysis Long Term Proposal
- To meet the requirements of the PJM Regional Transmission Expansion Plan (RTEP)

## Project Area Mapping

## Community Outreach

- As part of **BGE's** ongoing commitment to the community, we will keep you informed of the expected impacts and any changing conditions along project corridors.
- BGE will work with local residents and businesses to minimize impacts along the transmission line corridors
